Larry The Cable Guy's GIT-R-DONE Foundation

Git-R-Done! What a great way to describe my charity. My wife and I first conceived the idea for the Git-R-Done Foundation several years ago as a way to give back to wonderful organizations that could use a helping hand. Yet an idea is nothing without action, so 2 years ago, The Git-R-Done Foundation was officially born. Since then, we've donated \$1 Million to The Child Advocacy Center. This wonderful group helps emotionally and physically abused children with legal and psychological counseling right here in Lincoln. With the help of our donation, they moved to a much larger facility that will help them continue their great work. We also donated \$1.2 Million to The Madonna Rehabilitation Hospital, also in Lincoln. They used the money to establish a children's wing for their littlest patients. Amazingly, in part because of our donation, Madonna found donors come out of the woodworks to help with monetary and construction donations worth over \$500,000! Thank you so much for helping us Git-R-Done!

"Over the years, my family and I have been fortunate enough to develop a wonderful friendship with Dan and Cara Whitney. Their generosity to the community and in particular, kids, is unmatched. It's one thing to write a check, It's another to deliver that gift in person and spend time getting to know the lives they are changing.

They have inspired my wife Sarah and I to give more, so we are honored to be part of the Git-R-Done Foundation. Our hope is that you too will be inspired to help a worthy cause."
